ABOUT ME

I'm a BSIT graduate from STI College Naga with a strong foundation in website development and problem-solving. I'm eager to contribute to a dynamic organization that values innovation and offers growth opportunities. I'm particularly interested in roles involving impactful projects in software engineering and web development.

EXPERIENCE

2025

OJT - Department of Trade and Industry (DTI)

TASK

- Provided technical support (hardware, software, and networking).
- Developed an admin website using HTML, CSS (Bootstrap), and JavaScript.
- Integrated Firestore as the database and deployed via Firebase Hosting.
- Conducted a tech seminar for DTI staff as a resource speaker.

2024

Capstone Project – MSME Admin Dashboard | STI College Naga

TASK

- Developed an admin website using HTML, CSS (Bootstrap), and JavaScript.
- Integrated Firestore as the database and deployed via Firebase Hosting.
- Handled documentation and refined the UI based on revision feedback to enhance usability.
- Earned one of the highest grades with minor revisions.
